

**IMPORTANT!**

To gain the maximum from *MetroCreativeConnection*, the following are required:

- Modem speed of MINIMUM **56K**; **DSL**, **cable modem**, **ISDN** or **T-1** highly recommended
- **Adobe Acrobat Reader** should be at least version 5.0

Plus an Internet browser. The most popular are:

- **Netscape Navigator**-should be at least version 7.02 **-or-**
- **Firefox**-should be at least version 2.x **-or-**
- **Internet Explorer**-should be at least version 6.0 (note IE should not be used on the Macintosh platform)

And a conversion/decompression program:

- **WinZip** (recommended)
- **Stuffit Expander** -should be at least version 8.x (please note this utility does not support automatic decompression for multiple file downloads, only one item downloaded at a time)

---

Each of these programs is a free download. WinZip, however, is Shareware.
