Web & Mobile Ad Solutions Delivered Three Ways

Metro has three ways for you to get the ad content you need to expand your sales efforts with Web and mobile. Choose the ways that work best for your sales and creative teams.

1 Ads for Web & Mobile in MCC

Included as a **FREE** value-added bonus of your subscriptions, Metro gives you ads for Web and mobile to show, sell and produce on their own or in conjunction with print ad layouts. Located in the *MetroCreativeConnection Creative Library*, Metro ads for Web and mobile are provided in the most popular shapes and sizes: rectangle, leaderboard, skyscraper and two mobile-specific banners. Each ad is delivered in Adobe Photoshop® format, giving you complete editing control. Drop in advertiser specifics and save the file as a ready-to-post JPEG or GIF.

View all the combination print and digital ads in the monthly *Multi-Platform Ad Packages e-Edition*. Click the *e-Edition* link on the opening screen to view the latest selection onscreen or download the entire PDF.

You can also view print ads that have companion Web/mobile ads in each monthly *SearchBook*™. There, you can click to gain immediate access to the ads from the pages.

Search the *Creative Library* by checking the "Print with Web/Mobile" or "Web/Mobile" box along with relevant keywords. You can even select your Web/Mobile standard ad size from the pull-down menu.

The screenshot shows the Metro Creative Library interface. At the top, there's a navigation bar with 'Search', 'Services', 'Editorial', 'Ad Development', 'Calendar', 'About', and 'Help'. Below this is a grid of featured ads, including one for 'Le Nail Bar' and another for 'Doggone Carpet Cleaning & Odors?'. A section titled 'CREATIVE LIBRARY' lists categories like 'Photos, videos', 'Illustrations', 'Text or templates for use with a mobile', 'Auto Photos', and 'Logos & Trademarks'. Another section, 'EDITORIAL LIBRARY', features a 'PRINT AD' for 'Stop Pouring Money Down the Drain' by Presto Plumbing. A 'Multi-Platform Ad Packages' section highlights that today's advertisers are looking for help with their marketing and cross-platform media efforts. A search bar is visible at the bottom right of the page.

View each of the ads in the *Multi-Platform Ad Packages e-Edition* accessed through the MCC home page.

This screenshot shows the search interface of the Metro Creative Library. The 'SEARCH' section is active, displaying filters for 'Print with Web/Mobile' and 'Web/Mobile'. A search bar contains the text 'SPEC ADS & COVERS'. Below the search bar, there are several ad thumbnails, including one for 'Stop Pouring Money Down the Drain' by Presto Plumbing. A 'Spec Ads & Covers Filters' pop-up is visible, showing options for 'Print', 'Print with Web/Mobile', 'Web/Mobile', and 'All Sizes'. On the right side, there are buttons for 'Download e-Design Color Package', 'Download e-Design Green Color Package', and 'Download e-Design BPP Package'. A search results table is partially visible at the bottom.

Search for Web/mobile ads in the MCC Creative Library. Use the "Print with Web/Mobile" or "Web/Mobile" check boxes to narrow your search, along with ad sizes and relevant keywords.

The screenshot shows the MiAD (Metro Interactive Ad Designer) desktop application. The interface is dark-themed and features a central workspace with a large ad preview for 'Stop Pouring Money Down the Drain' by Presto Plumbing. On the left, there's a sidebar with various ad templates and filters. On the right, there's a control panel with various settings and options. The overall layout is designed for easy navigation and ad creation.

2 Quick Spec Ads for Web & Mobile with MiAD

Metro interactive Ad Designer (desktop) gives you the option of creating your own Web or mobile ads onscreen through the use of your online browser. Search thousands of ad options, select a file and enter your advertiser info in the appropriate fields. You can also open a Web/Mobile ad directly in *MiAD* by selecting the pencil-in-the-box icon below ad thumbnails in the MCC Creative Library.

When your ad is ready, download a JPEG of the ad to present on a laptop or a ready-to-post file. *MiAD mobile* users can take this functionality on the go and present to prospects on their iPads! *MiAD* is an optional service. For further info, or to set up a free trial, call our Client Services team at **800-223-1600** or e-mail service@metro-email.com.

3 Custom Ads for Web & Mobile from ADS On Demand™

With a fast turnaround, no long-term contracts, and no ad-quantity commitments, *AOD* is a cost-effective back-up team when you need custom print, Web and mobile ads. *AOD* can provide you with an extremely quick and efficient way to get all the ads you need. Just fill out the online request form and your ad file(s) will be ready for your approval within 24 hours. From simple static ads to complex animations, *AOD* does it all! Call **800-223-1600** or e-mail service@metro-email.com for further information about this unique service, and to begin a free trial. **M**

Advanced Vascular Care

*Offering the latest testing
procedures, surgical techniques
and technologies for life-changing
diagnosis, treatment and recovery.*

This noninvasive and
painless procedure can
help detect any blockages
or buildup that may put
you at risk for stroke or
vascular disease.

To find a doctor or schedule a
test, contact one of our helpful
patient care coordinators by
phone or online today.
