HEAVYWEIGHT MOVERS

1234 Washington Street | Somersville Heights
000-000-0000 | www.namewebsite.com

✓MOVING CHECKLIST

1. Submit a change of address form to your local post office, and inform your bank, insurance company, credit cards, subscriptions, doctors and other service providers of your address change.
2. Begin going through every room of your home at least one month before your move, discarding, donating or selling any unwanted clothing, furniture and household goods. If possible, get measurements of your new home to ensure your largest pieces of furniture will fit through the door before moving them.
3. Organize any children's school records, ensure pets have received necessary vaccinations if you are moving out of state, and arrange a tune-up for your vehicle for long-distance moves.
4. Pack things you may need for your first night in your new home in a clearly labeled box to be loaded last, so it can be easily located and quickly unloaded at your new home. Also pack a suitcase for each family member with several outfits, prescriptions and essential personal care items.
5. Arrange a date to have your utilities disconnected, and schedule an appointment to have a service technician prepare any major appliances for shipping.
6. Label any extremely fragile items requiring extra care or special attention.
7. If you are packing your own home, make sure everything is boxed, sealed and ready to move the day before your move.
8. Unplug electronics and appliances 24 hours before your move, giving them ample time to cool down. Also defrost your freezer at least 24 hours before moving day.
9. Before leaving your home, take a final tour to check for belongings, and make sure the water, furnace, air conditioner and lights are turned off, and that utilities are scheduled to be disconnected.
10. Make sure the moving van operator has your correct destination address and contact information.

For more helpful moving tips, visit us online at namewebsite.com!
