Web & Mobile Ad Solutions Delivered Three Ways

Metro has three ways for you to get the ad content you need to expand your sales efforts with Web and mobile. Choose the ways that work best for your sales and creative teams.

1 Ads for Web & Mobile in MCC

Included as a **FREE** value-added bonus of your subscriptions, Metro gives you ads for Web and mobile to show, sell and produce on their own or in conjunction with print ad layouts. Located in the *MetroCreativeConnection Creative Library*, Metro ads for Web and mobile are provided in the most popular shapes and sizes: rectangle, leaderboard, skyscraper and two mobile-specific banners. Each ad is delivered in Adobe Photoshop® format, giving you complete editing control. Drop in advertiser specifics and save the file as a ready-to-post JPEG or GIF.

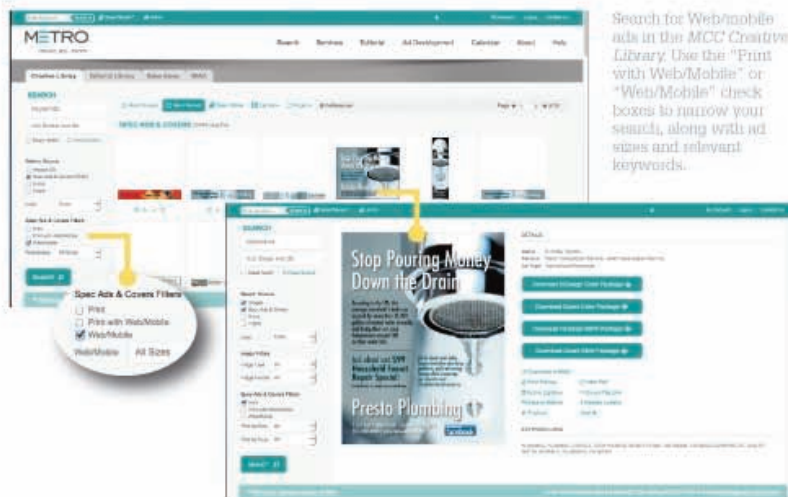

View all the combination print and digital ads in the monthly *Multi-Platform Ad Packages e-Edition*. Click the *e-Edition* link on the opening screen to view the latest selection onscreen or download the entire PDF.

You can also view print ads that have companion Web/mobile ads in each monthly *SearchBook*™. There, you can click to gain immediate access to the ads from the pages.

Search the *Creative Library* by checking the "Print with Web/Mobile" or "Web/Mobile" box along with relevant keywords. You can even select your Web/Mobile standard ad size from the pull-down menu.

View each of the ads in the *Multi-Platform Ad Packages e-Edition* accessed through the MCC home page.

Search for Web/mobile ads in the MCC *Creative Library*. Use the "Print with Web/Mobile" or "Web/Mobile" check boxes to narrow your search, along with ad sizes and relevant keywords.

2 Quick Spec Ads for Web & Mobile with MiAD

Metro Interactive Ad Designer (desktop) gives you the option of creating your own Web or mobile ads onscreen through the use of your online browser. Search thousands of ad options, select a file and enter your advertiser info in the appropriate fields. You can also open a Web/Mobile ad directly in *MiAD*™ by selecting the pencil-in-the-box icon below ad thumbnails in the MCC *Creative Library*.

When your ad is ready, download a JPEG of the ad to present on a laptop or a ready-to-post file. *MiAD mobile*™ users can take this functionality on the go and present to prospects on their iPads. *MiAD* is an optional service. For further info, or to set up a free trial, call our Client Services team at **800-223-1600** or e-mail service@metro-email.com.

3 Custom Ads for Web & Mobile from ADS On Demand™

With a fast turnaround, no long-term contracts, and no ad-quantity commitments, *AOD* is a cost-effective back-up team when you need custom print, Web and mobile ads. *AOD* can provide you with an extremely quick and efficient way to get all the ads you need. Just fill out the online request form and your ad file(s) will be ready for your approval within 24 hours. From simple static ads to complex animations, *AOD* does it all! Call **800-223-1600** or e-mail service@metro-email.com for further information about this unique service, and to begin a free trial. **M**
