Campaigns & Classified: 13-Time Campaigns to Help You Create, Sell & Profit

In each *Campaigns & Classified* issue you'll find a 13-time ad campaign designed for auto-related businesses, such as tire retailers, transmission shops, car insurance, brake and muffler shops, auto supply stores, radiator repair shops, auto detailers and more. The campaign format is specifically composed in two-column ad size to maximize affordability on the part of your prospects, and flexibility in placement for your publication.

In addition, companion Web ads to sell along with the print campaign are available on MCC. Web ads are available in five of the most popular digital sizes for online and mobile uses so you can choose exactly the ones that suit your needs and requirements over the course of the campaign.

The 13-time campaign gives you the opportunity, all at once, to show prospects what an extended run of print and Web ads would look like for their businesses. With access to 13 ads, you can sell the campaign for a quarter-year program covering 13 consecutive weeks, spread the ads over a daily campaign in a specific month, or run more than one ad in a single edition for a set period of time. Since the entire campaign is immediately available to you, it's your choice.

Every 13-time campaign color ad has a black & white version available in MCC for your convenience. For this reason, you can mix color and back & white ads in your campaign to suit your print requirements and accommodate your advertisers' budgets.

Quickly retrieve 13-time campaigns in MCC by typing "auto 13 time" in the search box, click the "Exact Match" button and select "Campaign" from the Ad Type menu.

You'll also find the 13-time campaign enabled for MiAD® Wizard. There, you can personalize the ads with your prospect's info for your sales presentations.

Make the most of every *Campaigns & Classified* with 13-time campaigns to create, sell and profit from your auto-related advertisers. M

13-Time Campaigns:

Each issue *Campaigns & Classified* plus also contains 13-time ad campaign that feature on your area's auto-related services, such as tire retailers, transmission shops, brake and muffler shops, auto parts stores, radiator repair shops and more.

You can choose to sell them to run over a week for a quarter year program (13 weeks), publish them from now to a single edition for a set period of time, or appear in 13 ads over a daily program campaign... it's up to you!

Look for more in upcoming issues. If you have any requests for 13-time campaign ad subjects, call 800-223-3600 or email us at service@metro-ideas.com.

6 Holiday/November/December 2017

METRO Campaigns & Classified
© 2017 Metro Creative Graphics, Inc. All Rights Reserved.

The *Campaigns & Classified* 13-time campaigns cover a wide variety of auto-related businesses. There are general campaigns that can be sold at any time of the year and seasonal campaigns designed for specific times of year.

CAMPAIGNS

Build sales with this quarterly selection of ad campaigns for local businesses.

- Find a 13-part campaign highlighting 12 days of Christmas automotive repair and maintenance services, as well as seasonal campaigns for car dealers, realtors and your own publication's job search tools and employment listings (05, 06, 25, 37).
- Close sales from banquet hall and catering advertisers with new campaigns (01, 03).
- Seasonal campaigns focus on winter fun from a sports shop and fall fashion specials from a clothing retailer (03, 04).
- Campaigns for hauling services and a kitchen and bath remodeling showroom are also featured (01, 02).
- Finally, find a campaign for an urgent care center as well as veterinary services for livestock (02, 04).

AUTOMOTIVE PROMOTIONS

Shift auto dealer sales into high gear with bold layouts for the fourth quarter.

- Kick off the quarter with dealer promotions for Halloween and "Oktoberbest" deals (09, 12, 13, 15)!
- Advertise the deals everyone wants for Thanksgiving, no wishbone needed (09).
- Kick off Christmas sales with a full-page ad for Black Friday savings all weekend (14).
- Accumulate Christmas sales with ads of all sizes for "deals yule love," merry-making markdowns and "the sale you've been wishing for" (10, 12, 16).
- Sell ads leading up to 2018 with New Year designs (07, 10, 12).
- Other themes include a "winter whiteout clearance" event and "five-star value and service" (08, 11).

REAL ESTATE PROMOTIONS

Close sales from a variety of real estate advertisers with a fresh selection of ads and promotions.

- Help a local real estate agent advertise their services through every phase of the holiday season with a print and online campaign (25).
- Promote new community developments from a local builder with layouts showcasing model homes, closing cost or amenity upgrade incentives, and green features (29, 31).
- Secure sales from multiple realtors with a "winter home showcase" layout featuring a premium placement opportunity (26).
- Sell full-page ads to agencies featuring multiple listings from realtors within their group (27, 28).
- Also find ads that incorporate reduced-rate commissions, a home features wish, apartment listings and your own publication's real estate section and online search tools (30, 32).

SUBSCRIPTION & CLASSIFIED AD SELF-PROMOTION

Make an impression on both readers and advertisers with the latest self-promotion ads and ideas.

- Promote your publication as more than just a news source. This quarter's print and online self-promotion ad campaign positions your newspaper as the go-to source for both local news and community events. Keep the momentum going all season with ads that focus on weekend activities, winter activities, Halloween happenings and Christmastime activities and events (21).
- Another full-page layout helps you promote the valuable benefits of your publication to both potential subscribers and advertisers (22).
- Find additional images to create new promotions, as well as Classified section icons and more (23, 24).

RECRUITMENT

Get hired by more recruitment advertisers with this quarter's ads, images and ideas.

- A recruitment campaign will take you through the season with themed ads promoting job opportunities for Halloween, the holiday season and winter (37).
- Promote multiple listings for jobs in agriculture with a directory layout (39).
- Target eco-conscious employers like a solar energy company using a featured job listing ad (39).
- Help a recruiter promote their services to both job seekers and employers in time for the busy holiday season (38).
- An ad for a college promotes career-focused degree and certificate programs to potential students (38).

13-Time Campaigns:

Each quarter **Campaigns & Classified** gives you a ready-to-present 13-time ad campaign that focuses on your area's auto-related retailers, such as tire dealers, transmission shops, brake and muffler shops, auto parts stores, radiator repair shops, auto detailers and more.

You can choose to sell them to run once a week for a quarter-year program (13 weeks); publish more than one in a single edition for a set period of time; or spread the 13 ads over a daily one-month campaign... it's up to you!

Look for more in upcoming issues. If you have any requests for 13-time campaign ad subjects, call **800-223-1600** or send e-mail to service@metro-email.com.

5 ways to get acquainted with a new neighborhood

Across the country, people are packing boxes, hiring trucks and moving short and long distances. The U.S. Census Bureau says that around 12 percent of the population move each year. According to a survey by DuProrio, a Quebec-based real estate advice site, 28 percent of Canadians feel the need to move every five years. Surprisingly, DuProrio also found that 14 percent of owners wish they could move every year.

The main reasons people move are expansion of the family, a career change, retirement, empty nest situations, or when moving is more practical than large-scale home renovations. While some people stick close to previous home locations, a 2015 American Community Survey found approximately 10.9 million people moved to a different county in 2015.

Whether a move is across county lines or overseas, it can take some time to acclimate to a new neighborhood. These tips can help anyone get acquainted with their new surroundings and make friends in the process.

1. Host a housewarming party. Get to know immediate neighbors by hosting a party. After some unpacking is done, host a simple get-together for people who live nearby. Ask if neighbors can help out by bringing chairs. Offer light refreshments and some type of activities for children. The event doesn't have to be elaborate, just long

enough to engage in some conversation and introduce yourself.

2. Walk and drive around. Scout out the area by driving around and making note of shopping centers, parks and places of interest. Schedule times when you will get out of the car and walk around on foot, which makes it easier to take everything in. Use a website like Walkscore.com to find places within walking distance of your new home. Bring the dog along. Dogs can be great ice breakers with new neighbors.

3. Check out community blotters. Community events may be posted in print and distributed through a local newspaper and also on municipal websites. Find out where the locals go on weekends or during the week. Communities may take pride in certain activities. It's easier to get a feel for the neighborhood by spending time with the locals.

4. Become active in the community. Find a volunteer organization or join a local house of worship. Check with the local chamber of commerce for ways to get involved or clubs to join. Like-minded people can make living in a new locale more enjoyable.

5. Dine out once a week. If budget allows, try a new neighborhood eating establishment each week to get a lay of the land. You'll identify hot spots and hidden gems and will also be able to mingle with the community. An app such as Open Table can help you find places to eat nearby.

The growth of the solar employment sector

According to the Solar Foundation's National Solar Jobs Census 2016, there were 260,077 solar workers working at 8,601 solar companies in the United States in 2016. The census also found that the five states with the most solar jobs in 2016 were California, Massachusetts, Texas, Nevada, and Florida. Twenty-eight percent of state solar workers in 2016 were female, making women the largest demographic in the solar industry. Latinos and Hispanics (17.2 percent), Asians or Pacific Islanders (9.1 percent), and veterans of the U.S. Armed Forces (9 percent) rounded out the top four demographics employed by the solar industry. Of the 260,077 solar industry jobs in 2016, more than 137,000 were classified as installation jobs that paid a median wage of \$26 per hour. With roughly 38,000 jobs in 2016, solar manufacturing was the next biggest employer of workers in the solar industry.
